INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Millennium Corporate Credit Union
Wichita, Kansas

Report on the Financial Statements and Internal Control over Financial Reporting

We have audited the accompanying financial statements of Millennium Corporate Credit Union, which comprise the statements of financial condition as of December 31, 2017 and 2016, and the related statements of income, statements of comprehensive income, statements of members' equity, and statements of cash flows for the years then ended, and the related notes to the financial statements. We also have audited management's assertion concerning the effectiveness of Millennium Corporate Credit Union's internal controls and procedures over financial reporting as of December 31, 2017.

Management's Responsibility for the Financial Statements and Internal Control over Financial Reporting

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, for maintaining internal control over financial reporting including the design, implementation, and maintenance of controls relevant to the preparation and fair presentation of these financial statements that are free from material misstatement, whether due to error or fraud, and for its assertion about the effectiveness of internal control over financial reporting.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements and an opinion on management's assertion regarding the effectiveness of Millennium Corporate Credit Union's internal control over financial reporting based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and our audit of internal control over financial reporting in accordance with the attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement and whether effective internal control over financial reporting was maintained in all material respects.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the credit union's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit of internal control over financial reporting involves obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audit also included performing such other procedures as we considered necessary in the circumstances. We believe that the audit evidence we obtained is sufficient and appropriate to provide a basis for our audit opinions.

Definition and Inherent Limitations of Internal Control

Millennium Corporate Credit Union's internal control over financial reporting is a process affected by those charged with governance, management, and other personnel, designed to provide reasonable assurance regarding the preparation of reliable financial statements in accordance with accounting principles generally accepted in the United States of America. Millennium Corporate Credit Union's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the credit union; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with accounting principles generally accepted in the United States of America, and that receipts and expenditures of the credit union are being made only in accordance with authorizations of management and those charged with governance; and (3) provide reasonable assurance regarding prevention, or timely detection and correction of unauthorized acquisition, use, or disposition of the credit union's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent, or detect and correct misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of change in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion on Internal Control over Financial Reporting

In our opinion, Millennium Corporate Credit Union maintained effective control over financial reporting, in all material respects, including controls over the preparation of regulatory financial statements in accordance with the instructions for the NCUA-5310, as of December 31, 2017 based on criteria established in Internal Control – Integrated Framework (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Basis for Qualified Opinion on Financial Statements

Millennium Corporate Credit Union has reported members' accounts as equity in the accompanying statements of financial condition. Accounting principles generally accepted in the United States of America require members' accounts to be reported as liabilities in the statement of financial condition. If the credit union had properly reported these members' accounts as liabilities, liabilities would increase and equity would decrease by \$540,192,226 and \$572,312,013 as of December 31, 2017 and 2016, respectively.

Qualified Opinion on Financial Statements

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion paragraph, the financial statements referred to in the first paragraph presents fairly, in all material respects, the financial condition of Millennium Corporate Credit Union as of December 31, 2017 and 2016, and the results of its operations and its cash flows, in conformity with generally accepted accounting principles in the United States of America.

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review of Subsequent Events

Management has evaluated subsequent events through February 23, 2018, the date which the financial statements were available to be issued.

Nature of Business

Millennium Corporate Credit Union (Millennium Corporate) (formerly known as Kansas Corporate Credit Union prior to December 19, 2016) is a cooperative association organized in accordance with the provisions of the Kansas Credit Union Act for the purpose of providing correspondent banking services as well as investment products and a source of credit for its member credit unions. Millennium Corporate is a cooperative that is owned and directed by its member credit unions. Membership is available to retail credit unions and approved affiliates located in the United States; however, the majority of the members are located in Kansas, Missouri, Montana, and Nebraska.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Specifically, management has made estimates based on assumptions for fair value of financial instruments and the assessment of other than temporary impairment on investments. Actual results could differ from these estimates.

Basis of Accounting

Millennium Corporate uses the accrual basis of accounting, which includes in the total of net income all revenues earned and expenses incurred, regardless of when actual cash payments are received or paid. Millennium Corporate is also required to report comprehensive income, of which net income is a component. Comprehensive income is defined as the change in equity (net assets) of a business enterprise during a period from transactions and other events and circumstances from non-owner sources, including all changes in equity during a period, except those resulting from investments by, and distributions to, owners. Accumulated other comprehensive income consists entirely of net unrealized gains (losses) on available-for-sale debt securities.

Cash and Cash Equivalents

For purposes of the statement of cash flows, cash and cash equivalents includes cash in vaults, cash on deposit, and cash held in interest bearing accounts at the Federal Reserve Bank of Kansas City and the Federal Home Loan Bank of Topeka.

Cash and cash equivalents are insured to \$250,000. The aggregate uninsured portion of cash and cash equivalents over \$250,000 was \$205,001,103 at December 31, 2017. Of the aggregate uninsured portion of cash and cash equivalents at December 31, 2017, \$202,420,601 was with the Federal Reserve Bank of Kansas City.

Investment Securities

Available-for-Sale: Mortgage backed pass-throughs, agency notes and small business administration debentures of United States government agencies, asset backed pass-throughs, and private-issue securities are classified as available-for-sale when the credit union anticipates that the securities could be sold in response to rate changes, prepayment risk, liquidity, availability of and the yield on alternative investments, and other market and economic factors. These securities are reported at fair value. The fair values on available-for-sale securities are based on quoted market prices, where available. If quoted market prices are not available, fair values are based on quoted market prices of comparable instruments.

Millennium Corporate has no investment securities classified as held-to-maturity or held for trading purposes.

Unrealized gains and losses on securities available-for-sale are recognized as direct increases or decreases in other comprehensive income. Cost of securities sold is recognized using the specific identification method.

Individual available-for-sale securities that have fair value declines below their cost that is other than temporary result in write-downs of the individual securities to their fair value. The related write-downs are included in earnings as realized losses. In estimating other than temporary losses, management considers (1) the length of time and the extent to which the fair value has been less than the cost, (2) the financial condition and near-term prospects of the issuer, and (3) the intent and ability of the credit union to retain its investment in the issuer sufficient to allow for anticipated recovery in fair value.

Securities Purchased Under Agreements to Resell

Millennium Corporate has reverse repurchase agreements with parties through a tri-party arrangement with the Bank of New York, which is responsible for the administration of the transaction including collateral allocation, marking to market, and substitution of the collateral.

Millennium Corporate purchases investment securities from the parties for specified periods of time. Millennium Corporate has the right to pledge, sell, or otherwise transfer the securities if the transferor was to default on their obligation. Millennium Corporate requires a minimum margin based on pre-arranged spreads that are commensurate with the investment securities purchased. Millennium Corporate is obligated to resell identical or substantially the same securities to the transferor at the termination of the repurchase agreements under fixed-price arrangements.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Federal Home Loan Bank Stock

Millennium Corporate, as a member of the Federal Home Loan Bank (FHLB) of Topeka, is required to maintain an investment in capital stock of the FHLB based on a formula developed by the FHLB that considers the corporate credit union's total assets and outstanding advances from the FHLB. The FHLB stock is carried at cost within other investments and its disposition is restricted. No ready market exists for the FHLB stock, and it has no quoted market value.

Investments in Credit Union Service Organizations

Millennium Corporate has invested in credit union service organizations (CUSOs) to obtain certain services, including brokered certificates of deposit program for member credit unions (Primary Financial, LLC), business services to member credit unions (CU Business Group), and investment brokerage and advisory services (CU Investment Services, LLC). As part of the merger of Missouri Corporate, the investment in Missouri Corporate's data processing CUSO, Core Network Processing LLC (CNP), was written down to \$1 prior to the merger effective date.

The investments in Primary Financial, LLC and CU Investment Services, LLC are accounted for under the equity method. The investment in CU Business Group is accounted for under the cost method.

Loans to Members

Loans to members are stated at the amount of unpaid principal balance. Interest on loans is recognized over the terms of the loans and is calculated using the simple-interest method on principal amounts outstanding. Based on the availability of collateral, analyses of the creditworthiness of member borrowers, and past loan performance, management does not consider an allowance for loan losses necessary.

Regulatory agencies, as an integral part of their examination process, periodically review the credit union's loan portfolio, and may require the credit union to provide an allowance based on their judgment about information available to them at the time of their examinations.

Property and Equipment

Land is carried at cost. Property and equipment are recorded at cost, less accumulated depreciation and amortization. Depreciation is provided for using the straight-line method over the estimated useful lives of the assets. Amortization of leasehold improvements is provided for using the straight-line method over the terms of the related leases.

NCUSIF Deposit

The deposit in the National Credit Union Share Insurance Fund (NCUSIF) is in accordance with NCUA regulations, which requires the maintenance of a deposit by each insured credit union in an amount equal to one percent of its insured shares. The deposit would be refunded to Millennium Corporate if its insurance coverage is terminated or if the operations of the fund are transferred from the NCUA Board. Millennium Corporate is required to pay an annual insurance premium equal to one-twelfth of one percent of its total insured shares, unless the payment is waived, reduced, or increased by the NCUA Board of Directors. The NCUA assessed no premium in 2017 and 2016.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Members' Accounts

Members' accounts are classified as equity to denote the ownership interest of its members. This classification conforms to their statutory definition and is consistent with past longstanding practice. Accounting principles generally accepted in the United States of America require that members' shares and deposits accounts be classified as liabilities, similar to deposit accounts at other financial institutions.

Members' accounts are subordinated to all other liabilities of Millennium Corporate upon liquidation. Interest on members' accounts is based on available earnings at the end of an interest period and is not guaranteed by the corporate credit union. Interest rates on members' share accounts are set by the Board of Directors based on an evaluation of current and future market conditions.

Perpetual Contributed Capital

Perpetual contributed capital (PCC) is perpetual, non-cumulative accounts with no stated maturity, and qualifies as equity under United States generally accepted accounting principles. In addition, PCC is not negotiable or assignable but may be transferable to another eligible member credit union under certain provisions.

Each member holding PCC is entitled to one vote on any matter subject to vote by the membership, including election of the Board of Directors. In accordance with NCUA Regulation 704.2, PCC is not subject to share insurance coverage by the NCUSIF and is available to cover losses that exceed retained earnings.

Dividends on PCC are not guaranteed and may be suspended if earnings are negative and/or capital levels fall below regulatory and/or policy minimum levels.

Equity Acquired in Merger

Equity acquired in a merger represents equity accounted for in accordance with the acquisition method of accounting. Under this accounting method, retained earnings, restricted and unrestricted, of the acquiree are combined on the acquirer's statement of financial condition as a component of equity called merged equity. This component is considered part of retained earnings as defined by regulations established by the NCUA.

Accumulated Other Comprehensive Income (Loss)

Accounting principles generally require that recognized revenue, expenses, gains, and losses be included in net income. Certain changes in assets and liabilities, such as unrealized gain and losses on available-for-sale securities, are reported as a separate component of the members' equity section of the statements of financial condition.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Income Taxes

Millennium Corporate is exempted from most federal, state, and local taxes under the provisions of the Internal Revenue Code and state tax laws. FASB ASC 740-10-25, *Income Taxes, Overall Recognition* clarifies accounting for uncertain income taxes reported in the financial statements. The interpretation provides criteria for assessment of individual tax positions and a process for recognition and measurement of uncertain tax positions. Tax positions are evaluated on whether they meet the “more likely than not” standard for sustainability upon examination by tax authorities. Millennium Corporate is a state-chartered credit union as defined in Internal Revenue Code (IRC) Section 501(c) (14). As such, Millennium Corporate is exempt from federal taxation of income derived from the performance of activities directly related to its exempt purposes. However, IRA Section 511 imposes a tax on the unrelated business income (UBI) derived by a state-chartered credit union.

With few exceptions, Millennium Corporate is no longer subject to U.S. Federal or state and local income tax examinations by tax authorities for years before 2014.

Off-Balance Sheet Credit Related Financial Instruments

In the ordinary course of business, Millennium Corporate has entered into commitments to extend credit. Such financial instruments are recorded when they are funded.

Reclassifications

Certain reclassifications have been made to the 2016 financial statements presentation to correspond to the 2017 presentation. Total members' equity and net income are unchanged due to these reclassifications.

The bulk of investment securities with unrealized losses are debt securities from federal agencies or government sponsored enterprises, which carry an implicit guarantee of the principal balances of these securities by the United States government. Currently, Millennium Corporate has 58 investment securities with unrealized losses, with 49 of the investment securities experiencing unrealized losses for greater than 12 months. On December 31, 2016, Millennium Corporate had 81 investment securities with unrealized losses, with 55 of the investment securities experiencing unrealized losses for greater than 12 months.

Management believes all the above unrealized losses to be temporary, as all of the investment securities have been issued by the United States government or United States government agencies, except for the private-issue security. Millennium Corporate does not intend to sell the investments and it is more than likely that the corporate credit union will not be required to sell the investments before recovery of their amortized cost basis.

NOTE 3 SECURITIES PURCHASED UNDER AGREEMENTS TO RESELL

Resale agreements are collateralized primarily with U.S. government or government agency securities. Such agreements provide Millennium Corporate with the right to maintain the relationship between the market value of the collateral and the receivable. Millennium Corporate uses Bank of New York to take physical possession of the collateral underlying Millennium Corporate's resale agreements.

At December 31, 2017 and 2016, Millennium Corporate has received collateral under resale agreements that it is permitted by contract or custom to sell or repledge totaling \$41,035,298 and \$40,989,496, respectively. Of these amounts, none were repledged.

Millennium Corporate's securities purchased under agreements to resell in gross and net amounts at December 31, 2017 and 2016 are as follows:

Excess balance accounts (EBAs) are limited-purpose accounts for maintaining excess balances in an interest-earning account at the Federal Reserve Bank through a correspondent financial institution such as Millennium Corporate. EBAs are intended to allow eligible institutions, such as credit unions, to earn interest on their excess balances (i.e., overnight funds that exceed maximum balance limits) in an account relationship directly with the Federal Reserve Bank without significantly disrupting the established correspondent relationship with Millennium Corporate.

NOTE 7 MEMBERS' ACCOUNTS (CONT'D)

Millennium Corporate reserves the rights to retain funds for liquidity purposes and deny instructions from eligible member credit unions to move funds into the EBA product. Millennium Corporate may terminate and/or suspend the EBA product without advanced notice. EBAs are a liability of the Federal Reserve Bank and, therefore, are not included on Millennium Corporate's statement of financial condition.

NOTE 8 LINES OF CREDIT

Millennium Corporate has a secured line of credit available with Federal Home Loan Bank of Topeka totaling \$179,303,373. The line of credit is secured by eligible investment securities of Millennium Corporate under a blanket pledge agreement. At December 31, 2017, \$186,517,184 of Millennium Corporate's available-for-sale securities was pledged to the FHLB as collateral for the line of credit. There were no outstanding borrowings as of December 31, 2017.

NOTE 9 401(k) PLAN

Millennium Corporate maintains a 401(k) Plan and Trust ("Plan") which is a qualified retirement plan that allows employees to defer a portion of their salary into the Plan. Employees are eligible to participate in the Plan after one year of service. Millennium Corporate contributes up to 5% of an employee's annual salary. Participants become 20% vested in the employer contributions per year and become 100% vested after five years of credited service.

401(k) expense for this Plan totaled \$76,666 and \$74,500 for the years ended December 31, 2017 and 2016, respectively.

NOTE 10 FAIR VALUE OF FINANCIAL INSTRUMENTS

Determination of Fair Value

Fair Value Measurements and Disclosures topic FASB ASC 820 provides a framework for measuring fair value that requires the credit union to derive fair value from that price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date within its principal market for the asset or liability, or in the absence of a principal market, the most advantageous market for the asset or liability.

NOTE 10 FAIR VALUE OF FINANCIAL INSTRUMENTS (CONT'D)

Fair Value Hierarchy

To increase consistency and comparability in fair value and related disclosures, a three-level hierarchy prioritizes the inputs to valuation techniques used to measure fair value with the highest priority to Level 1 and lowest priority to Level 3 as further discussed below.

- Level 1 Valuations based on unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2 Valuations based on quoted prices for similar assets or liabilities or identical assets or liabilities in less active markets, such as dealer or broker markets.
- Level 3 Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable, such as pricing models, discounted cash flow models, and similar techniques not based on market, exchange, dealer, or broker-traded transactions.

Valuation Techniques for Financial Instruments at Fair Value on a Recurring Basis

Fair values of assets and liabilities measured on a recurring basis at December 31, 2017 are as follows:

Securities Available-for-Sale	Total Fair Value	Level 1	Level 2	Level 3

Valuation Techniques for Financial Instruments at Fair Value on a Non-Recurring Basis

Millennium Corporate did not have any assets or liabilities that were measured at fair value on a non-recurring basis at December 31, 2017 and 2016.

Estimated Fair Values

The following methods and assumptions were used to estimate the fair value of each major class of financial instrument:

1. Cash and Cash Equivalents

The carrying amounts of cash and cash equivalents approximate the fair values.

2. Securities Available-for-Sale

The mortgage backed pass throughs, agency notes, small business administration debentures, asset backed pass-throughs, and private-issue security are valued using industry-standard models that consider assumptions, including interest rates, yield curves, volatilities, prepayment speeds, loss severities, credit risks, and default rates as well as other observable relevant economic measures.

3. Securities Purchased Under Agreements to Resell

The securities purchased under agreements to resell are valued from quotes obtained from the tri-party custodian.

NOTE 10 FAIR VALUE OF FINANCIAL INSTRUMENTS (CONT'D)

Estimated Fair Values (Cont'd)

4. Loans to Members

The fair value of fixed-rate loans is estimated by discounting the future cash flows for each loan category using the current rates at which similar loans could be made to borrowers with similar credit ratings and for the same remaining maturities. The fair value of adjustable-rate loans is assumed to approximate their carrying amount.

5. Accrued Interest Receivable

The carrying amounts of accrued interest receivable approximate the fair values.

6. Members' Accounts

The fair value of managed liquidity and daily shares is the amount payable on demand at the reporting date. The fair value of certificates of deposits is estimated by discounting the future cash flows using the market rates offered as of December 31 for similar deposits with the same remaining maturities.

7. Accrued Interest Payable

The carrying amounts of accrued interest payable approximate the fair values.

8. Commitments to Extend Credit

The fair value of commitments to extend credit is equivalent to the amount of credit extended as the related interest rate is fixed upon market rates when funds are drawn, and the related fees are not significant.

NOTE 11 REGULATORY REQUIREMENTS

Millennium Corporate is considered to be a corporate credit union under the NCUA regulations with base level authority for investment powers. As a corporate credit union, Millennium Corporate is subject to various regulatory capital and net economic value requirements administered by the NCUA.

In September 2010, the NCUA Board approved new capital regulations. The NCUA also indicated its understanding that the final corporate rule regarding capital regulations was complex and that many corporate credit unions would not meet the targets upon issuance of the final regulation. Instead of an immediate implementation, the NCUA has phased in the new capital requirements over a ten-year period of time.

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 11 REGULATORY REQUIREMENTS (CONT'D)

The structure of the NCUA's phase-in of the capital requirements are noted as follows:

- Beginning on October 20, 2011, corporate credit unions have to be in compliance with new risk-based capital provisions and the present Regulation 704 minimum total capital ratio of 4.0%.
- Beginning on October 20, 2013, corporate credit unions must be in compliance with the new leverage ratio, which includes an additional requirement that retained earnings constitutes 45 basis points of moving daily average net assets (MDANA).
- Beginning on October 20, 2016, corporate credit unions must be in compliance with the retained earnings part of the various capital ratios, and as such, corporate credit unions must have 100 basis points of MDANA as part of the adequately capitalized 4.0% Tier 1 capital ratio.
- Beginning on October 20, 2020, corporate credit unions must have retained earnings of at least 200 basis points of MDANA as part of the adequately capitalized 4.0% Tier 1 capital ratio.

As of December 31, 2017 and 2016, respectively, Millennium Corporate is required by NCUA Regulation 704.3 to meet the following capital ratio requirements:

- Tier 1 capital ratio
- Tier 1 risk-based capital ratio
- Total risk-based capital ratio
- Retained earnings ratio

1. Tier 1 Capital Ratio

Prior to October 20, 2016, this ratio was defined as Millennium Corporate's Tier 1 capital (i.e., the sum of retained earnings, perpetual contributed capital, and equity acquired in merger, modified by deducting equity and debt investments in unconsolidated CUSOs) divided by the MDANA.

MILLENNIUM CORPORATE CREDIT UNION
(formerly Kansas Corporate Credit Union)

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 11 REGULATORY REQUIREMENTS (CONT'D)

1. Tier 1 Capital Ratio (Cont'd)

Beginning on October 20, 2016, Tier 1 capital and MDANA is further modified by deducting PCC excluded from regulatory capital. PCC excluded from regulatory capital is all PCC in excess of retained earnings further reduced by 2% of MDANA. On December 22, 2017 and as presented in the December 2017 NCUA 5310 Call Report, the calculation was further modified to now include equity acquired in a merger as part of retained earnings when calculating its amount of PCC, excluded from the Tier 1 capital ratio. The resulting Tier 1 capital and MDANA are now utilized as the numerator and denominator for calculating the Tier 1 capital ratio, as follows:

	<u>12/31/17</u>	<u>12/31/16</u>
MDANA	\$ 617,892,578	\$ 651,500,755
PCC	\$ 54,208,507	\$ 54,148,613
Equity acquired in merger	(1,679,681)	-
Retained earnings	<u>(11,223,758)</u>	<u>(8,103,156)</u>
PCC in excess of retained earnings	<u>\$ 41,305,068</u>	<u>\$ 46,045,457</u>
Allowed PCC (Limited to 2% of MDANA)	<u>(12,357,853)</u>	<u>(13,030,015)</u>
PCC excluded from regulatory capital	<u>\$ 28,947,215</u>	<u>\$ 33,015,442</u>
MDANA	\$ 617,892,578	\$ 651,500,755
PCC excluded from regulatory capital	<u>(28,947,215)</u>	<u>(33,015,442)</u>
MDANA less PCC excluded from regulatory capital	<u>\$ 588,945,363</u>	<u>\$ 618,485,313</u>

An additional change to NCUA Reg. 704.2, allows the corporate credit union to include all of PCC once the corporate credit union's retained earnings ratio equals or exceeds 2.50%.

Millennium Corporate is required to have a minimum 4.0% to be adequately capitalized and a minimum 5.0% level to be well capitalized.

2. Tier 1 Risk-Based Capital Ratio

This ratio is defined as Millennium Corporate's Tier 1 capital divided by moving monthly average net risk-weighted assets.

Millennium Corporate is required to have a minimum 4.0% to be adequately capitalized and a minimum 6.0% level to be well capitalized.

3. Total Risk-Based Capital Ratio

This ratio is defined as Millennium Corporate's total capital (i.e., Tier 1 capital plus PCC excluded from regulatory capital) divided by moving monthly average net risk-weighted assets.

NOTE 11 REGULATORY REQUIREMENTS (CONT'D)

3. Total Risk-Based Capital Ratio (Cont'd)

Millennium Corporate is required to have a minimum 8.0% to be adequately capitalized and a minimum 10.0% level to be well capitalized.

4. Retained Earnings Ratio

This ratio is defined as Millennium Corporate's retained earnings (i.e., the sum of retained earnings and equity acquired in a merger) divided by MDANA.

Millennium Corporate is required to have a minimum 1.00% (or 100 basis points) to be adequately capitalized.

The components utilized in the calculation of the capital ratio requirements at December 31, 2017 are as follows:

	Ratio Calculation Amounts
Perpetual contributed capital	\$ 54,208,507
Equity acquired in a merger	1,679,681
Retained earnings	11,223,758
Investments in credit union service organizations	(2,968,715)

 MDANA	 \$ 617,892,578
MDANA less PCC excluded from regulatory capital	\$ 588,945,363
Moving monthly average net risk-weighted assets	\$ 81,874,477

Millennium Corporate's calculated capital ratio requirements at December 31, 2017 and 2016, respectively, are as follows:

Corporate Credit Unions Capital Ratio Requirements	Calculated Ratios		Adequately Capitalized Minimum	Well Capitalized Minimum
	12/31/17	12/31/16

NOTE 11 REGULATORY REQUIREMENTS (CONT'D)

Millennium Corporate is also required under NCUA Regulation 704 to maintain a minimum net economic value ratio. The net economic value ratio is calculated by dividing the net economic value amount by the fair value of the assets. The net economic value is defined as the fair value of assets minus the fair value of liabilities.

The regulations require corporate credit unions to have a minimum net economic value ratio of 2.00%. The regulation also requires the net economic ratio to not decline more than 15.00% at any one time when the portfolio undergoes an interest rate shock of plus or minus 300 basis points.

Millennium Corporate engages a third-party pricing service to calculate these ratios on a monthly basis. The net economic value ratios at December 31, 2017 and 2016, respectively, are as follows:

	<u>12/31/17</u>	<u>12/31/16</u>

NOTE 12 COMMITMENTS AND CONTINGENT LIABILITIES

Off-Balance Sheet Risk

Millennium Corporate is a party to financial instruments with off-balance sheet risk in the normal course of business to meet the financing needs of its members and to reduce its own exposure to fluctuations in interest rates. These financial instruments are commitments to extend credit. These instruments involve, in varying degrees, elements of credit and interest rate risk in excess of the amount recognized in the statement of financial condition. The contract or notional amounts of those instruments reflect the extent of involvement the credit union has in particular classes of financial instruments.

Millennium Corporate's exposure to credit loss in the event of non-performance by the other party to the financial instrument for commitments to extend credit is represented by the contractual notional amount of those instruments. Millennium Corporate makes the same credit policies in making commitments as it does for on-balance-sheet instruments.

Millennium Corporate requires collateral or other security to support financial instruments with credit risk.

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 12 COMMITMENTS AND CONTINGENT LIABILITIES (CONT'D)

Millennium Corporate had the following financial instruments whose contract amounts represent credit risk as of December 31, 2017 and 2016, respectively:

	<u>12/31/17</u>	<u>12/31/16</u>
Unused advised lines of credit	\$ 640,731,443	\$ 623,522,099
	<u>\$ 640,731,443</u>	<u>\$ 623,522,099</u>

Commitments to extend credit are agreements to lend to a member as long as there is no violation of any condition established in the contract. Since many of the commitments are expected to expire without being drawn upon, the total commitment amounts do not necessarily represent future cash requirements. Millennium Corporate annually evaluates each member's creditworthiness on a case-by-case basis.

Contingent Liabilities

Millennium Corporate management is unaware of any legal claims against Millennium Corporate that may have arisen in the normal course of business.
